

## Nomenclature Certification Practice Quiz

You may miss three of these and still pass the test with 90% or more.

1. Print the names of these substances given the formulas.

1. KOH
2. $\text{Ca}(\text{NO}_3)_2$
3. $\text{SCl}_4$
4. CO
5. $\text{FeBr}_2$
6. $\text{CrO}_3$
7. $\text{OF}_2$
8. $\text{Li}_2\text{CO}_3$
9. $\text{Na}_3\text{PO}_4$
10. $\text{PCl}_5$
11. $\text{P}_4\text{S}_6$
12. $\text{CoSO}_4$
13. $\text{Au}(\text{ClO}_4)_3$
14. KCN
15. $\text{MgSO}_3$
16. $\text{Be}(\text{NO}_2)_2$
17. $\text{Ca}(\text{HSO}_4)_2$
18. $\text{FeCrO}_4$

2. Write the formulas of these substances given the names.

1. nickel(II) chloride
2. carbon disulfide
3. barium hydrogen phosphate
4. phosphorus pentafluoride
5. copper(I) chlorate
6. iron(III) chlorite
7. nitrogen dioxide
8. magnesium thiocyanate
9. calcium bicarbonate
10. potassium dihydrogen phosphate
11. ammonium dichromate
12. nitrogen triiodide
13. silver(I) acetate
14. vanadium(III) permanganate
15. beryllium peroxide
16. carbon monoxide
17. mercurous hypochlorite
18. bromine pentafluoride

Fill in your name below:

<b>Nomenclature Certified</b>	
Your Name: _____	Date: _____
Signed (by DocM):	
The above named individual has been Nomenclature Certified.
